Contact your nearest dealer online using our DEALER LOCATOR.

The Voyager is the only convertible trike kit tested for strain and stress by an independent engineering firm. This ensures that the best riding convertible trike kit on the market will last longer than your motorcycle.

# STANDARD

## \$4,195.00

The **Voyager Standard** is a time-honored revelation in the triking industry. It provides the best convertible trike ride, with everything needed for installation and enjoyment. It includes two metal fenders, the metal low-style rear guard, mounting hardware, suspension hardware, trailer hitch and comes with your choice of 15" chrome or machined gunmetal spoked wheels. It is the choice kit of the Pittsburgh Police Department.

LIGHTS & WIRING NOT INCLUDED

## THE METAL FENDER:

It's not about fanciness or the awards at the bike show. It's about the ride. So keep it basic. You'll be surprised how excellent it looks. The metal fender does not include lights & wiring. But you can add Beehive style or Tombstone style lights for only \$250. See "Accessories".

## METAL REAR GUARD:

The Low-Style Rear Guard is a standard option with a sleek look. It will cover the rear frame tubing entirely.
